

**March 2022** - SANCORP is pleased to announce that we have been awarded a contract to provide Company Threat Assessment (CTA) services to the Federal Bureau of Investigation (FBI) in Washington, D.C. and Huntsville, Alabama. SANCORP will leverage established tools and methodologies and subject matter experts to support the FBI.

In response to the award, President Frank Sanchez said *"We are excited that the FBI has selected SANCORP to support their mission of protecting the American people and maintaining vigilance against adversaries. We pledge to serve them with the same commitment to mission and steadfast resolve as we do all of our federal clients. We thank our new partners at LSINC Corporation for their support in this effort and look forward to continued growth in Huntsville and wherever our shared mission takes us."*

SANCORP is a government solutions firm headquartered in Falls Church, Virginia with offices in Huntsville, Alabama and Panama City Beach, Florida. SANCORP provides counterintelligence, security, law enforcement, insider threat, identity operations, artificial intelligence/machine learning, and cyber/IT related support to federal clients including the U.S. Marine Corps, U.S. Army, the Under Secretary of Defense for Intelligence and Security, the Department of Justice, and the Department of Defense Joint Artificial Intelligence Center (JAIC).
