

July 2022 - SANCORP was awarded the GSA Multiple Award Schedule (GSA MAS). This is a contract vehicle that will allow SANCORP to provide Information Technology and Business Administrative Services throughout federal, state, and local governments. In response to the award, President Frank Sanchez said, *"This is an exciting opportunity for SANCORP to continue providing mission tailored support and solutions to clients across different levels of government."*

SANCORP is a government solutions firm that provides counterintelligence, security, law enforcement, insider threat, identity operations, artificial intelligence/machine learning, and cyber/IT related support to federal clients including the U.S. Marine Corps, U.S. Army, the Under Secretary of Defense for Intelligence and Security, the Department of Justice, and the DoD Chief Digital Artificial Intelligence Office.
